

FORCES CLUB

NEWSLETTER 25/26

Hello!

Another year is over!

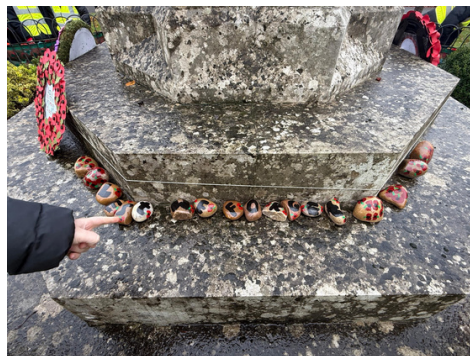

As I reflect on the past year, it's hard to believe just how much we have shared, achieved and experienced together. It truly has been an incredible first year as the Forces Liason- one filled with resilience, connection, and moments that remind us of the strength with our community.

From the events we have been apart of, to the acts of support, this year has been nothing short of inspiring.

It has been a year full of memories, achievements, and stories worth celebrating, so lets take a look back at what we have been up to and Shine!

Remembrance Day

Royal Hospital Chelsea

Dandelion Day

What have we been up to?

Events

The last ten months have been crammed with activities. Some of the activities included:

- Remembrance crafting in November to lay at the memorial
- Creating memory jars/writing letters as part of the deployment group
- deployment groups where 10 of our Forces children have been supported through out the year.
- Dandelion Day, purple up day and Armed Forces Day where we have dressed in the respective colours as a whole school
- Falcons Launch where we watched their first drop of the season and interacted them.
- Art workshops with KS2 based on winds of change where an artist from Never Such Innocence worked with the children
- Taking part in the never such innocence competitions.

Month of the Military child

Falcons Launch

What have we been up to?

Parent workshops

This year we introduced the parents workshops, where we looked at how our school uses the Service Pupil Premium which was a huge hit with parents. We will be continuing these next year.

QR code

We now have made access easier for parents to inform the school of any deployments or courses that may affect their child with the new QR code

QUESTIONS

I hope both the children, yourselves and your families have a restful summer and enjoy some well deserved family time.

While we are closed for the summer, I will be checking my emails and Dojo periodically. Please use these to inform us of any changes that you think may affect your child in September.
