Music: Upper School (Years 4 to 6) Progressions of Knowledge

We teach music through a high quality scheme, Charanga. Interrelated dimensions of music weave through the units to encourage the development of musical skills as the learning progresses through listening and appraising, differing musical activities (including creating and exploring) and performing. Charanga Musical School Units of Work enable children to understand musical concepts through a repetition-based approach to learning. Learning about the same musical concept through different musical activities enables a more secure, deeper learning and mastery of musical skills.
